STUDENT ACCOMMODATION
2019/2020
Moving away from home for the first time can be a daunting experience and finding the right accommodation can help this process.

At the University of Chichester there are many different types of accommodation to suit a range of needs.

Living in University owned and managed accommodation is a popular experience and it makes it easier to meet other students and make new friends. You may find you meet people from other courses and develop good friendships within days of settling into your accommodation.

To help this process there are many activities and events throughout the year which will give your social life a real boost! On campus everything is close at hand which helps minimise your travel experiences.

Whatever your accommodation choice at the University of Chichester you will find a great atmosphere with a welcoming student community. We feel it is a great place to live and study and we are sure you will have many life long memories to take away with you at the end of your stay.

Choosing and applying for your accommodation

At the University of Chichester we have many different types of accommodation that cater for all needs. All the rooms are well equipped and maintained.

What is important to you?
Before you decide on the type of Halls you would like, you will need to consider what is important to you.

- What campus will I be based at?
- Do I want meals provided?
- Do I want to have my own ensuite facilities?
- How much can I afford each week?
- How close do I want to be to the Campus?

Please consider your preferred choices when looking through our accommodation information pages, these can also be found on our website at www.chi.ac.uk/student-life/accommodation

Quiet Block
Although many students enjoy the social aspect of University life, some prefer to be allocated a room in a quiet block. If this is something that appeals to you we do have rooms that cater for this requirement at Fishbourne East.

Students with a disability
We have a range of adapted rooms within our Halls of Residence. Most are single rooms with large ensuite wet rooms and are sold on a catered or self-catered basis. We are happy to discuss individual housing requirements and we would encourage you to contact the Disability and Skills Services Co-ordinator at an early stage so all can be done to allocate accommodation to suit your requirements.

Allocation of University Accommodation
Although we will make every effort to accommodate your wishes this may not always be possible. All the accommodation is offered via a randomised allocation system and is very popular.

Catered or Self Catered
In catered on-campus accommodation you will be provided with a daily allowance to spend in the restaurants at either campus. There are however communal kitchen facilities available in all halls, should you wish to use them at any time. In self-catered accommodation you can cook for yourself in the communal kitchens. Each kitchen will have an electric cooker, microwave, fridge, freezer, kettle and toaster. No cooking and eating equipment/utensils are provided so you will need to bring your own.

Smoking
All our accommodation facilities are ‘no-smoking zones’. If you wish to smoke you will be required to do so away from the buildings.
The Accommodation Portal opens for applications for on-campus accommodation to all first year, full time, UK based students that have made University of Chichester their first choice.
