

Accommodation information: Pre-sessional course 2019

You will be living in our Stockbridge Student Village in Chichester. Your room is a single study room with a bathroom and you will share a kitchen with 5-7 students. You will be studying at our Bognor Regis Campus and will need to travel there by public transport (see information below).

Stockbridge Student Village details:

Address: Stockbridge Student Village, Stockbridge Road, Chichester, West Sussex, PO19 8FG

Reception Telephone number: +44 (0)1243 773533 <http://www.chi.ac.uk/study-us/accommodation/halls-residence/stockbridge>

Stockbridge is ideally located near Chichester city centre and within walking distance of the cinema, shops, restaurants and train station.

Travel to Bognor Regis Campus:

You can buy discounted bus tickets (£1.20 return to Bognor Regis) from Stockbridge Student Village reception. These tickets allow you to travel on the 700 bus between Chichester and Bognor Regis. The bus leaves from the main bus station in Chichester (3 min walk from Stockbridge) and stops right outside the Bognor Regis Campus. The journey takes about 25-30 minutes depending on traffic.

Self-catered: This means that you will have to buy and cook your own food. Our Bognor Regis Campus has a restaurant where you can buy lunch during your lunch break. You can find microwaves in the Learning Resource centre if you wish to bring your own lunch and heat it. You can also purchase hot water (£0.20) from the canteen/café and free cold drinking water is available in every building on both campuses.

Rent: ££130.34 per week. You will receive an invoice within a couple of weeks of arriving in Chichester.

What is included: We will provide you with a pillow, duvet, sheets and towels. Your room will be cleaned on a weekly basis during the pre-sessional course. Please note that you will have to clean your own room and share the cleaning of the communal kitchen once you start your main degree studies in September.

What is not included: We do not provide you with kitchen crockery, utensils etc. (pots, pans, plates, cups etc.). You will need to buy these yourself during the first couple of days of your stay in Chichester.

How to find somewhere to live after the pre-sessional course ends? We will organise an information session to help you find a room on campus or off campus for September 2019. Our accommodation team will be happy to help with any questions you have. You can also get in touch with our accommodation team directly by emailing them accommodation@chi.ac.uk.

Electrical equipment from overseas: Please do not bring any heat emitting electrical equipment from overseas such as rice cookers, hair straighteners, hairdryers etc., which require an adaptor in order to use in the UK. All appliances must have a UK plug (see below).

You can order electrical items such as rice cookers and hairdryers, plus kitchen utensils and have them delivered to you at Stockbridge. Here are some suggestions of where you can order:
